

Have Your Say – Proposed intersection improvements at Great Western Highway and Blacktown Road, Prospect

The NSW Government is funding this proposal as part of its \$300 million Urban Roads Pinch Point Program, which aims to reduce traffic delays, manage congestion and improve travel times on Sydney's major roads.

Roads and Maritime Services is seeking feedback by **Friday 20 October 2017** on a proposal to make improvements at the intersection of Great Western Highway and Blacktown Road, Prospect.

The proposed improvements include:

- converting the bus lanes to general traffic lanes on both Blacktown Road and Great Western Highway
- providing one dedicated right turn lane, one shared through and right turn lane and creating a left turn slip lane on Blacktown Road approach to Great Western Highway
- the right turn lanes from Blacktown Road will be protected right turns
- providing dual right turn lanes on Great Western Highway into Blacktown Road
- providing a dedicated left turn lane and a shared through and right lane on Clunies Ross Street
- relocation of the bus stops to ease congestion at the intersection
- adjustment to the pedestrian crossing on Blacktown Road
- adjustment to the traffic signal infrastructure and phasing.

We have included a map to show the location of the work.

Key benefits

The proposal will:

- reduce queuing on Blacktown Road and the eastern approach on the Great Western Highway
- improve safety on Blacktown Road by providing a protected right turn
- ease traffic congestion through the intersection by reducing the number of accidents.
