

February 2018

## **Project update – Great Western Highway and Reservoir Road, Blacktown**

### **The NSW Government is funding this proposal as part of its \$300 million Urban Roads Pinch Point Program, which aims to reduce congestion and improve travel times on Sydney’s busiest corridors**

Roads and Maritime invited feedback on the proposal in December 2017. We received feedback from 13 people with six people supporting the proposal, three people supporting the proposal with conditions, and four people who did not state a preference. Key matters raised included:

- Left turning lane from Reservoir Road southbound into the Great Western Highway eastbound
- Pedestrian safety
- Entry and exiting ramps on the M4 Motorway for Reservoir Road.

We thank everyone for considering the proposal and for their feedback.

After considering all responses, along with the proposal’s aims and design requirements, we have decided to proceed with the proposal unchanged.

We thank everyone for considering the proposal and taking time to provide their feedback.

### **Next steps**

Roads and Maritime will finalise the detailed design and environmental assessment for the project.

We will continue to keep the community informed as the project progresses.

### **Contact**

If you have any questions, please contact our Project Manager, Johnny Curran, on 1800 572 004 or [pinchpoint@rms.nsw.gov.au](mailto:pinchpoint@rms.nsw.gov.au).
