

Intersection improvements on Mona Vale Road, Forest Way and Garigal Road, Terrey Hills

Project update

Roads and Maritime Services | July 2018

The NSW Government is funding two intersection upgrades as part of its \$300 million Urban Roads and \$225 million Pinch Point Programs, which aim to reduce congestion and improve travel times on Sydney's busiest corridors.

Work completed

Work completed to 30 June includes:

- construction of a third westbound through lane from Mona Vale Road onto Forest Way
- provision of a third northbound through lane on Forest Way
- provision of a dedicated left turn lane northbound from Forest Way onto Mona Vale Road
- construction of a northbound slip lane from Forest Way onto Garigal Road
- relocation of the bus stop on Forest Way
- new traffic islands and medians.

The next stage

Work still to be completed includes:

- removing barriers on Mona Vale Road to open all three westbound lanes
- removing barriers on Forest Way to open all three northbound lanes and cycle lane
- removing barriers to provide a dedicated cycle lane from Mona Vale Road westbound onto Forest Way
- installing a new zebra crossing on the southern side of Garigal Road
- relocating a power pole on Mona Vale Road
- relocating light poles at the intersection of Garigal Road and Forest Way
- removal of site compounds.

Work schedule

We will be on site for the final stage of work between **Monday 16th July** and **Friday 28th September**, weather permitting.

Our day work hours will continue to be between **7am** and **6pm** from **Monday** to **Friday** and between **8am** and **1pm** on **Saturday**.

Our night work hours will continue to be between **8pm** and **5am** from **Sunday** to **Friday**.

How will the work impact you?

Our work may still be noisy at times but we will do everything we can to minimise its impact, including completing the noisier tasks by **midnight**.

Traffic changes

Temporary traffic changes will remain to ensure the work zone is safe.

Lane closures will continue to be in place and may affect travel times. Please keep to the speed limits and follow signs.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Temporary cycle lane changes

The northbound cycle lane along Forest Way, between Mona Vale Road and just south of Garigal Road, is still temporarily closed.

All affected cycle lanes will open again at the end of the project.

Cyclists travelling along this section of Forest Way will need to join the main (left) northbound traffic lane through the construction zone.

The following measures are in place to ensure the safe flow of traffic:

- 60 km/h speed limit in the construction zone (eg the 60km/h zone starts 240m before the start of construction on Forest Way north bound)
- electronic message boards on each approach, including messages such as:
 - Forest Way road works
 - cycle lanes temporarily closed
 - shared road
 - cycle merge ahead
- increased police patrols, when feasible
- “Watch for Bicycles” signs.

Thank you for your patience during this important work.
