

Pacific Highway Upgrade

Impact to Myall Avenue residents

Transport for NSW | August 2022

Changes to Myall Avenue access

Transport for NSW is adding a third northbound lane on Pacific Highway near Fox Valley Road, to ease congestion and improve public safety.

Now we have completed installing new stormwater pipes, we need to re-surface the impacted section of Pacific Highway near Myall Avenue. To complete this work, we need to close Myall Avenue to non-local traffic for about **two weeks**, from **22 August 2022**, weather permitting.

Access for local traffic, pedestrians and emergency services will be maintained. There may, however, be intermittent delays to road users as our machinery moves through the area. Please keep to the speed limits and follow signage and the direction of traffic controllers.

Our work schedule

Temporary changes to traffic access at Myall Avenue will be in place over **ten night shifts**, from **7am on Monday 22 August to 6pm on Friday 2 September**.

If the work is cancelled due to rain, we will notify you in advance of the new dates.

How will the work affect you?

The work may be noisy at times. Where possible, we will aim to minimise the impact of noisier activities such as concrete saw cutting and jackhammering, by completing these activities prior to midnight. We thank you for your patience during this important work.
