

Start of work at Pearce's Corner, Wahroonga site compound from Monday 12 April

April 2021

The NSW Government is widening and upgrading a number of intersections along the Pacific Highway to create three continuous northbound lanes between Turramurra and Wahoonga. These improvements will help ease congestion, reduce travel times and improve safety on this section of the Pacific Highway.

From **Monday 12 April**, we will start using Pearce's Corner at 1 Pacific Highway and 2-12 Pennant Hills Road in Wahoonga as the site compound for our project on the Pacific Highway. We will be using this site until the completion of the project, which is expected in **late 2022**.

What we're doing

We will first establish the site compound at Pearce's Corner. Our work will:

- install fencing
- install measures to mitigate noise and control sediment and erosion
- set up staff offices and amenity sheds
- install temporary sheds for storage of materials
- establish paved areas for parking and laydown of materials.

Our work schedule

The site compound establishment work will be carried out between **Monday 12 April** and **Thursday 29 April 2021**, weather permitting.

Our work hours will be from **Monday to Friday** between **7am** and **6pm** and on **Saturday** from **8am** to **1pm**.

Contact us

If you have any concerns or questions, please contact our delivery partner, **Ward Civil**, on **1800 897 841** or projects@wardcivil.com.au.

For more information on our projects, visit nswroads.work/t2w

Thank you for your patience during this important work.

We will use the site compound until the project is completed in **late 2022**. Our working hours are from **Monday to Friday** from **7am** to **6pm** and on **Saturday** from **8am** to **1pm**. We also work **up to five nights** a week between **Sunday** and **Friday** from **8pm** to **5am** the next day. We will not work on public holidays.

How this will affect you

During the establishment work and the use of the site compound, there will be impacts such as noise and dust. We will do everything we can to minimise impact to neighbours, particularly of noise and light spill. We will keep you informed of the progress of our work.

Accessing the site

We will access the site compound via the gate at Russell Avenue nearest to Pennant Hills Road. Aside for access, we will not use the remainder of Russell Avenue for parking or any other activity.

We have received feedback from the residents on parking on Russell Avenue. All vehicles such as trucks, utility and equipment will be required to be park inside the site compound.

Trucks on Pennant Hills Road

Our trucks will use Pennant Hills Road only to access the site compound. This is allowed under current regulation which says trucks and buses (over 12.5m long or over 2.8m clearance height) travelling between the M1 and M2 must use the tunnels unless they have a genuine pick up or delivery destination only accessible via Pennant Hills Road.

Translating and Interpreting Service

If you need an interpreter, please call the **Translating and Interpreting Service (TIS National)** on **131 450** and ask them to telephone Ward Civil on 1800 897 841.

Cantonese

若你需要口譯員，請致電**131 450**，聯絡翻譯口譯服務署 (TIS National)，要求他們致電1800 897 841，聯絡Ward Civil。

Mandarin
