

# Transport Access Program

## Bexley North Station Upgrade

**Project update**

**October/November 2020**

Work on Bexley North Station Upgrade is continuing with work in the rail corridor and commuter car park underway in September. Construction activities will continue throughout October and November and include:

- excavation and removal of fencing and street lights to build the new access ramp
- demolition and construction work within the station building
- installing temporary fencing to support the temporary closure of the commuter car park
- deliveries of materials to the commuter car park temporary work area.

Equipment to be used includes delivery trucks, mobile cranes, excavators, power and hand tools.

### Temporary closure of the commuter car park

**From Friday 2 October until late 2021**, the Kingsgrove Avenue Commuter Car Park will be temporarily closed to allow for construction of the access ramp and widened car park. Parking will remain available for commuters on Kingsgrove Avenue.

Please continue to access the station via Kingsgrove Avenue and Bexley Road footpath. Please allow additional travel time. Signage will be in place to help pedestrians and motorists with the changes.

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**

## Changes to station toilets

To enable refurbishment of the station toilets, **the existing male toilet in the station building will be temporarily closed from Monday 9 November 2020 until May 2021**. The existing female toilet will be converted to a unisex toilet during this time. Signage will be installed to help customers with these temporary changes.

When complete, the station will feature a new family accessible toilet and a unisex ambulant toilet.

## Construction hours

To support the construction industry and continue the delivery of important infrastructure, the NSW Government has introduced new rules allowing construction sites to operate on weekends and public holidays.

**Standard construction hours are from 7am to 6pm every day, including public holidays.** These changes have been made to facilitate physical distancing on construction sites and support the health and wellbeing of workers.

We understand extending construction hours to include weekends and public holidays may cause disruption, but all efforts will be made to minimise impacts where possible and ensure strict environmental conditions relating to noise, vibration and dust management are adhered to.

## Keep in touch

We will continue to keep the community informed with regular project notifications and frequent updates published to the project website [transport.nsw.gov.au/bexley-north](https://transport.nsw.gov.au/bexley-north).

If you would like to be added to the project distribution list, or for more information on the Bexley North Station Upgrade, please contact [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au) or call the Project Infoline on 1800 684 490.
