

Transport Access Program

Banksia Station Upgrade

Project Update

March 2021

Transport for NSW is improving accessibility at Banksia Station. The upgrade will provide a station precinct that is accessible to people with a disability or limited mobility, parents/carers with prams, and customers with luggage.

Upcoming work

Work will continue in March and includes:

- demolition work in the station underpass and station structure
- installing glass to new lift shafts
- excavating and concrete pouring for new lift shafts
- installing lift steelwork on Hattersley Street and Railway Street
- constructing new retaining walls
- constructing new stairs on platforms 1 and 4
- continued electrical work on Hattersley Street including installing a new electrical transformer
- excavating, trenching and installing new storm water drainage on Hattersley Street, Railway Street and in the underpass.

Equipment to be used includes cranes, tipper trucks, delivery trucks, excavators, vacuum truck, powered hand tools, ground compaction equipment and concrete trucks.

Ongoing pedestrian access and parking changes

The station entries to **platforms 1 and 4** have been temporarily relocated to enable construction work as part of the upgrade. Temporary stairs provide access to both platforms 1 and 4. Three parking spaces on Taylor Avenue and up to 12 parking spaces on Hattersley Street are temporarily unavailable as they are being used for construction vehicles and deliveries. The taxi zone on Railway Street will be unavailable at times during work near the station entrance.

These changes will be in place until mid-2021. We apologise for the inconvenience and thank you for your patience while we complete this work.

Construction hours

Standard construction hours are **7am to 6pm Monday to Friday** and **8am to 1pm on Saturdays**.

For the safety of staff, customers and the community some work may be completed outside standard construction hours. Nearby residents and businesses will be notified before any work outside these hours takes place.
