

# Transport Access Program

## Bellambi Station Upgrade

### Have your say

## The NSW Government is improving accessibility at Bellambi Station

Planning is under way to improve accessibility at Bellambi Station. This will make it easier for everyone to use the station, especially those with additional mobility requirements, parents/carers with prams and customers with luggage.

We would like to hear from you about access to Bellambi Station and our proposed upgrades. Feedback is open until **Sunday 31 October**.

### What are we proposing?

We have assessed Bellambi Station against the *Disability Standards for Accessible Public Transport (DSAPT)* and the *Disability Discrimination Act 1992 (DDA)*, the legislation which sets the standards for accessibility in Australia. To meet these standards and improve safety and accessibility at the station, our proposed upgrades will include:

- updating the existing level crossing pedestrian zone
- upgrading the existing ramp
- creating two new accessible parking spaces
- creating a formal kiss and ride zone
- installing a new bike shelter
- constructing a new station building further along the platform which will include accessible amenities
- demolishing the old platform building to achieve compliant platform widths and access paths
- upgrading existing lighting to increase security.

### Transport Access Program

You may have noticed upgrades under way at Unanderra and Towradgi stations. Along with Bellambi and Dapto stations, they are part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

### Have your say

We want to know how you use Bellambi Station and any challenges you face in accessing the station during your transport journey. Tell us about your current experience with access at the station and let us know what you think about our proposed upgrades.

Your feedback will help Transport for NSW understand what is important to customers and the community.

Please scan the QR code or visit [www.transport.nsw.gov.au/bellambi](http://www.transport.nsw.gov.au/bellambi)

Provide your feedback by:

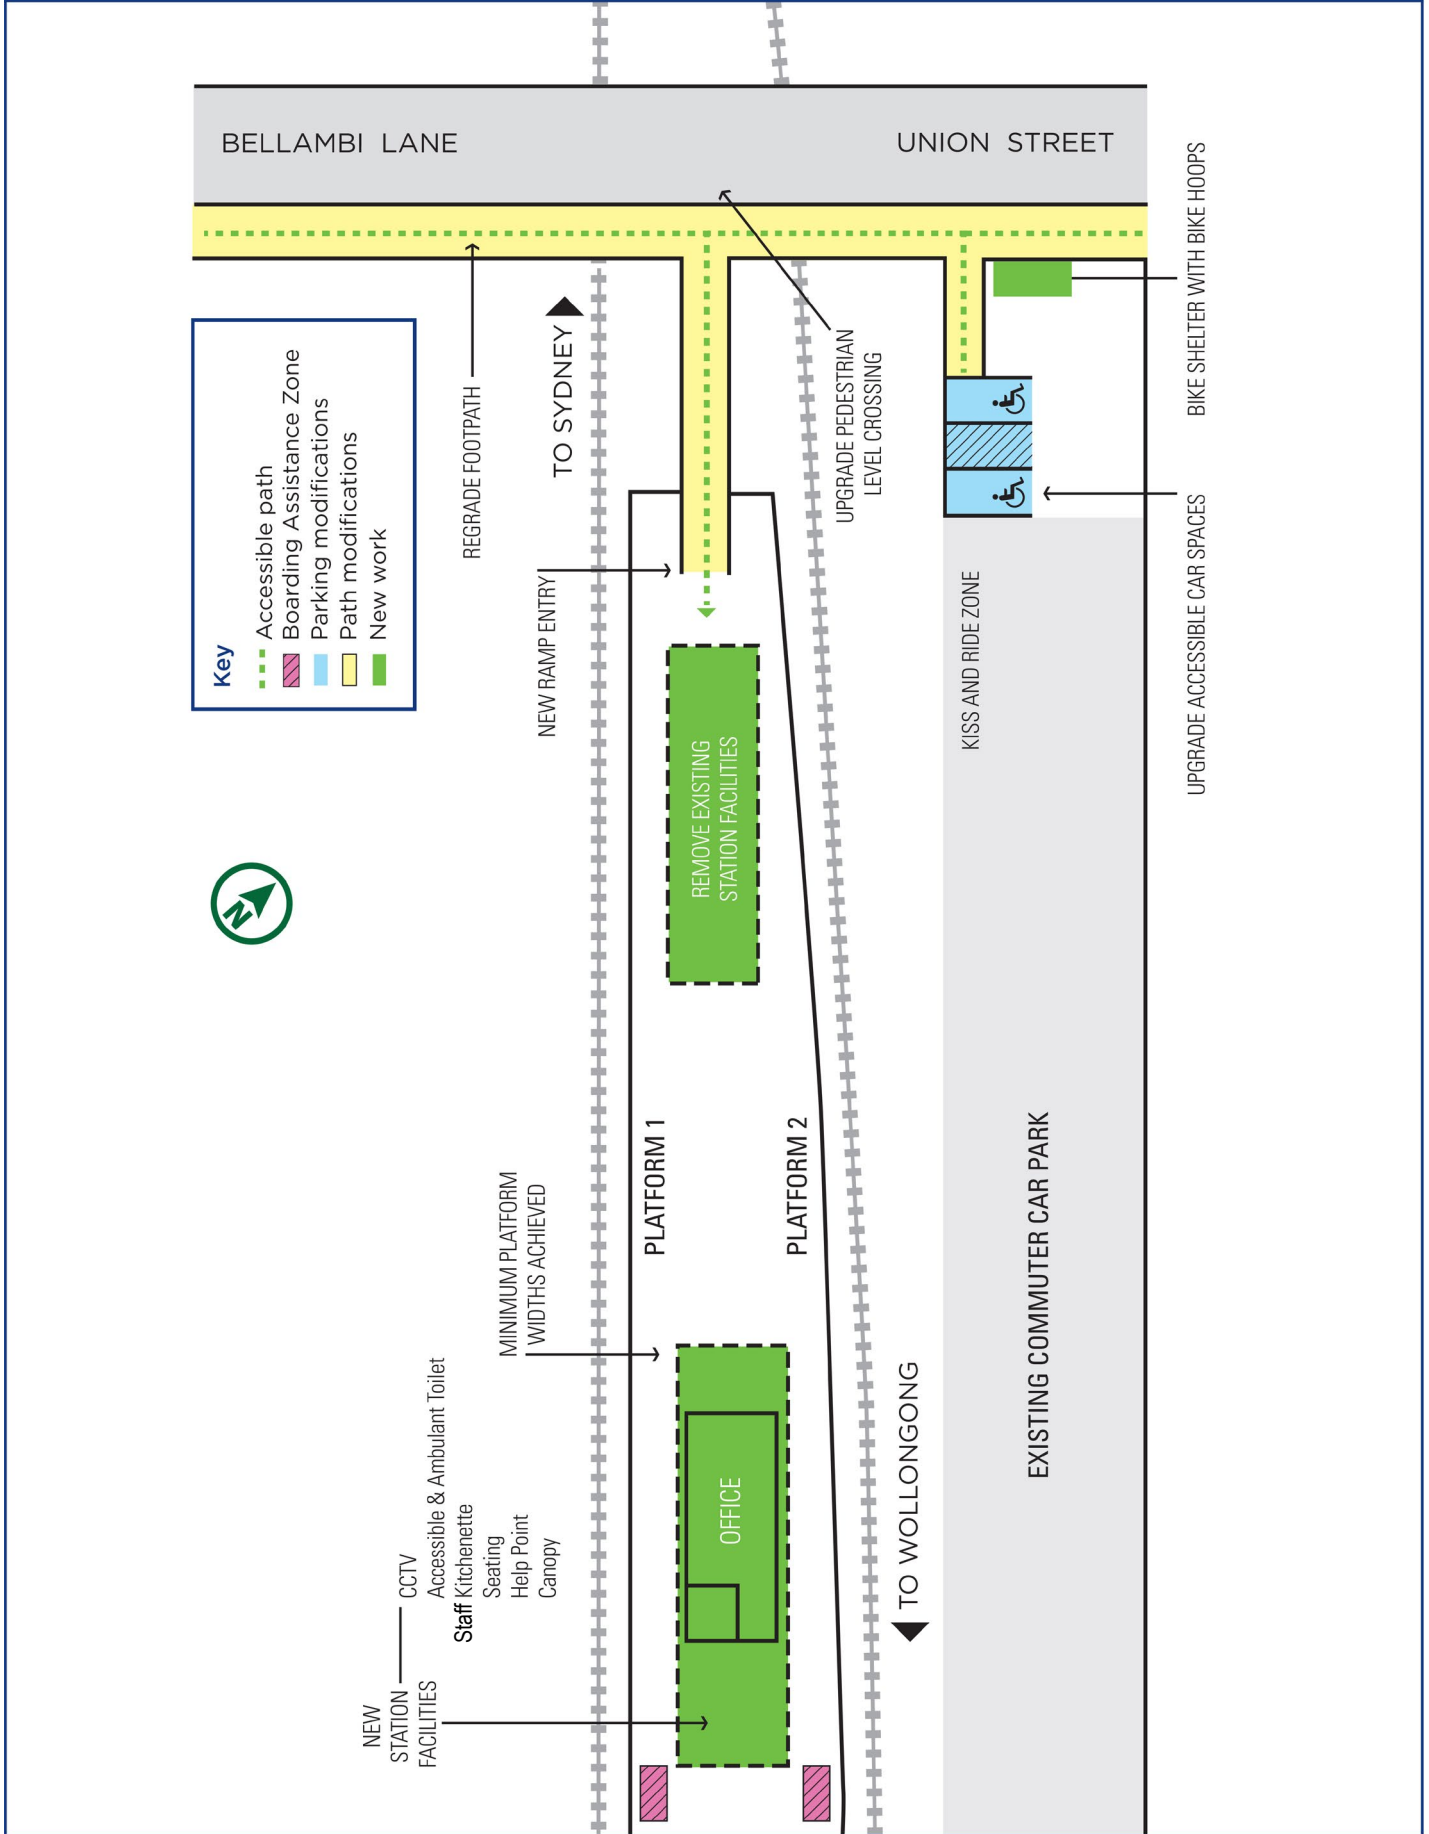

- completing the feedback form at [www.transport.nsw.gov.au/bellambi](http://www.transport.nsw.gov.au/bellambi)
- emailing [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au)
- writing to Transport Access Program – Bellambi  
Director Rail Development and Delivery,  
Transport for NSW  
PO Box K659, Haymarket NSW 1240.

Please provide your feedback by midnight **Sunday 31 October 2021**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
