

Transport Access Program

Bexley North Station Upgrade

Project update

June 2021

Image: Artist's impression of Bexley North Station Upgrade. Subject to detailed design.

Upcoming work

Construction of Bexley North Station Upgrade is continuing, including the new lift, stairs to the platforms and a new ramp within the Kingsgrove Avenue Commuter Car Park.

Construction activities will continue in June, including:

- installation of services on the platform, in the commuter car park and within the rail corridor
- installation of handrails on platform stairs
- refurbishment of the platform building, including conversion of the existing female toilet into a unisex ambulant toilet
- pre-assembly of the new lift shaft and concourse canopy in the commuter car park
- delivery of materials and equipment to the commuter car park and rail corridor.

Equipment to be used includes delivery trucks, concrete trucks and pumps, excavators, rollers, small mobile cranes, power and hand tools.

For project information call **1800 684 490**,

email projects@transport.nsw.gov.au or visit transport.nsw.gov.au/bexley-north

For urgent enquiries or complaints regarding construction activities, please call 24 hours 1800 775 465

Weekend work – 18 to 21 June 2021

For the safety of pedestrians, commuters and motorists, work will take place from **9pm Friday 18 June until 7am Monday 21 June 2021**. This work will occur during a scheduled Sydney Trains trackwork period, when the station is closed and trains are not running.

Work will be carried out continuously over the weekend and will include:

- removal and disassembly of temporary stairs in the Shaw Lane car park
- installation of new precast concrete concourse, structural steel lift shaft and canopies on the platform, stairs, handrails and concourse
- resurfacing the station platform
- installation of new services on the platform and in the rail corridor
- use of a crane from the closed car parks on Kingsgrove Avenue and Shaw Lane.

Shaw Lane will be temporarily closed to pedestrians and vehicles during this weekend. Temporary lane closures and traffic control will also be in place to assist trucks with deliveries along Shaw Lane, Kingsgrove Avenue and Bexley Road to enable work to be carried out safely. For information about rail replacement buses, please visit transportnsw.info or phone **131 500**.

Preparation work for weekend possession – 14 to 26 June 2021

From **Monday 14 June to Saturday 26 June 2021** the Shaw Lane car park and the 90-degree parking spaces on Kingsgrove Avenue, next to the Kingsgrove Avenue Commuter Car Park will be closed. This is to enable disassembly of the temporary stairs and delivery of materials and equipment.

Additionally, a 400-tonne crane will be located within the Kingsgrove Avenue Commuter Car Park to enable the weekend work on 18 to 21 June 2021. The crane will be set up overnight on Tuesday 15 and Wednesday 16 June 2021 and removed once the weekend work is finished. From Monday 14 June, seating on the platform will also be progressively removed to prepare for platform work during the planned weekend work. Seats will be returned from Monday 21 June, with a minimum of 2 seats available on the platform at all times.

For project information call **1800 684 490**,

email projects@transport.nsw.gov.au or visit transport.nsw.gov.au/bexley-north

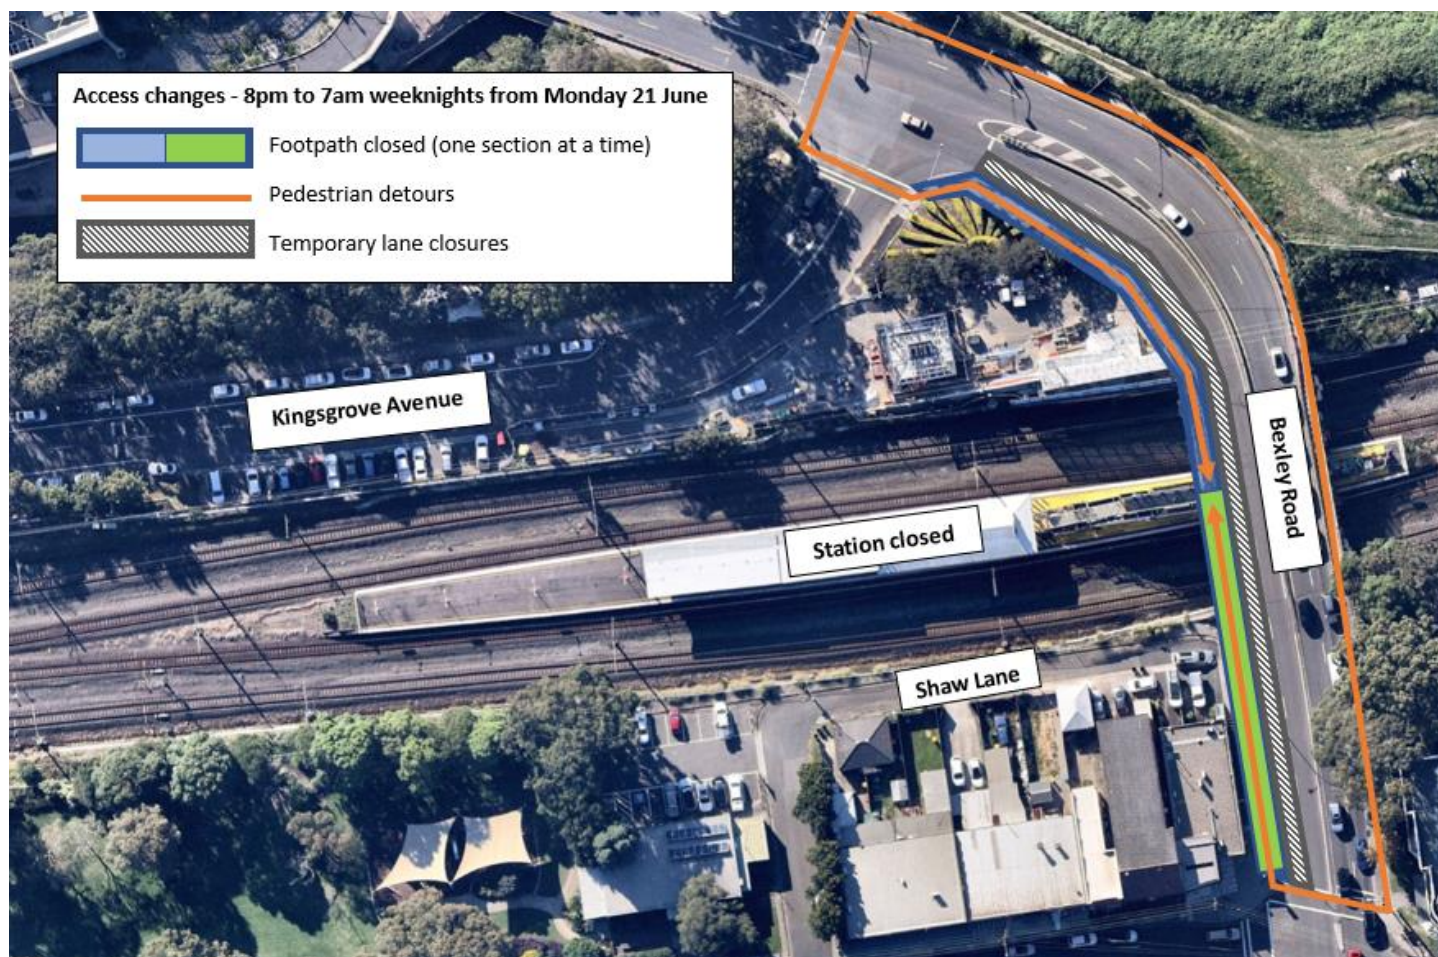

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**

Night work – from 21 June 2021

From **8pm to 7am each night** starting **Monday 21 June 2021**, work to upgrade the western footpath on Bexley Road and surface works on the new concourse will be carried out. This work is expected to be completed in July 2021.

Footpath and lane closures will be in place to ensure work can be carried out safely. Traffic control and signage will be in place to assist pedestrians and motorists with these changes.

Equipment to be used includes excavators, delivery trucks, concrete trucks and pumps, lighting towers, power and hand tools.

Kingsgrove Avenue parking and access changes

To create a safe working area for construction of the access ramp and car park upgrades, the following temporary parking and access changes will continue:

- temporary closure of the Kingsgrove Avenue Commuter Car Park **until late 2021**
- temporary closure of up to 20 car parking spaces along the rail corridor boundary fence
- temporary lane width reduction.

Pedestrians can continue to access the station via Kingsgrove Avenue and Bexley Road footpath. From **Monday 21 June 2021**, the new concourse and stairs will be in place for commuters to use.

For project information call **1800 684 490**,

email projects@transport.nsw.gov.au or visit transport.nsw.gov.au/bexley-north

For urgent enquiries or complaints regarding construction activities, please call 24 hours 1800 775 465

There will be some additional temporary access changes when surfacing work on the new concourse is completed in stages during June and July. Please contact us if you require assistance using the concourse and stairs during this time.

Motorists, please allow extra travel time and follow the direction of signage including reduced speed limits while temporary changes are in place.

Station toilets

To enable refurbishment of the station toilets, **the existing female toilet in the station building is temporarily closed until late 2021**. The former male toilet has been refurbished and will operate as a unisex toilet during this time. Once the project is completed, the station will feature a new family accessible toilet and a unisex ambulant toilet.

Construction hours

Standard construction hours are from 7am to 6pm every day, including public holidays.

We understand extending construction hours to include weekends and public holidays may cause disruption, with all efforts made to minimise impacts where possible and ensure strict environmental conditions relating to noise, vibration and dust management are adhered to.

Where weekend and night work is required, measures will be implemented to reduce impacts wherever possible, such as turning off vehicles when not in use, positioning construction equipment will be positioned as far away from residential areas as possible, using non-tonal reversing beepers, and monitoring noise levels.

Keep in touch

We will continue to keep the community informed with regular project notifications and frequent updates published to the project website transport.nsw.gov.au/bexley-north.

If you would like to be added to the project distribution list, or for more information on the Bexley North Station Upgrade, please contact projects@transport.nsw.gov.au or call the Project Infoline on **1800 684 490**.
