

# Blackheath Station Upgrade

Community Update – January to March 2022

## The NSW Government is improving accessibility at Blackheath Station

The Transport Access Program is a Transport for NSW initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

As part of this program, Blackheath Station will be upgraded to provide an accessible station for people with a disability, limited mobility, parents/carers with prams and customers with luggage. The upgrade will include:

- three new lifts to station entries and platforms
- upgrades to the existing accessible parking spaces, kiss and ride bay and taxi zone
- removal of the non-compliant pedestrian level crossing
- upgrades to station footpaths and platforms, including new tactiles and an accessible water fountain
- improvements to CCTV, lighting and wayfinding
- upgrades to the station footbridge and stairs and provision of new bicycle hoops.

## Project status

Investigations are continuing to further develop a final design for Blackheath Station and make it more accessible for all customers.

## Weekend work – 12 and 13 February 2022

Work will be carried out from **6am to 6pm Saturday 12 February and 6am to 6pm Sunday 13 February 2022** during a scheduled Sydney Trains track work weekend, when the station is closed and no trains are running.

Work will include electrical investigations, geotechnical work and service relocations in the station precinct. Equipment to be used includes drill rigs, excavators, surveying equipment, construction trucks, power and hand tools.

There may be some noise associated with this work and measures will be implemented to reduce impacts wherever possible, such as turning off vehicles when not in use, positioning construction equipment as far away from residential areas as possible, using non-tonal reversing beepers, and monitoring noise levels.

Please visit [transportnsw.info](https://transportnsw.info) or call **131 500** for information about replacement buses during this time.

## Construction hours

Standard construction hours are 7am to 6pm Monday to Friday and 8am to 1pm on Saturdays.

For the safety of staff, customers and the community, some work will be completed outside standard construction hours. We will notify nearby residents and businesses in advance if we need to work outside these times.

## Keep in touch

We will continue to keep the community informed with regular project updates.

Further information is available on the project website [transport.nsw.gov.au/blackheath](https://transport.nsw.gov.au/blackheath).

If you would like to be added to the project distribution list, or for more information on the Blackheath Station Upgrade, please contact us on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au).

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.
