2. This Schedule lists these Planned Events and the estimated service provision based on existing total kilometres and hours.
3. The Operator must perform all Event Services, as that term is defined in Schedule 1D (Services – Special Services and Operating Activities), associated with the Planned Events in accordance with Schedule 1D.
4. The Operator must prepare and provide to TfNSW Event Plans for Planned Events in accordance with Schedule 1D (Services – Special Services and Operating Activities).
5. The parties acknowledge and agree that Annual Contract Price includes all fees and charges for the Planned Events referred to in the table below based on the total number of kilometres and hours for Planned Events as outlined in that table.
6. For each such Planned Event, any change to the total number of kilometres and hours from those outlined in the table below must be approved by TfNSW by submitting a claim through BSAR (or any other system nominated by TfNSW).
