

**Government Information (Public Access) Act 2009
Explanatory Table - WestConnex M4 Amending Deed**

RMS has redacted the contractual provisions referred to below due to an overriding public interest against disclosure, in that disclosure of the information would prejudice the legitimate business and commercial interests of WCX M4-M5 Link PT Pty Limited (the **Project Trustee**), WCX M4-M5 Link AT Pty Limited (the **Asset Trustee**) (together, the **Trustees**) and RMS, and/or reveal the commercial-in-confidence provisions of a government contract. RMS will continue to review this information to ensure that where the prejudicial effect of disclosure will be removed due to a passage of time or change of circumstances, further disclosures will be made.

Item	Clause (and general description)	Reason under Government Information (Public Access) Act 2009	Explanation of the Reasons under the Government Information (Public Access) Act 2009
1.	Clause 1.1 - Definition of Longstop Date	<p>Section 32(1)(a) and definitions (a) and (e) of "commercial-in-confidence provisions" (clause 1, Schedule 4).</p> <p>Section 32(1)(d) and items 4(b) and (d) of the Table to Section 14.</p> <p>The disclosure of this information could reasonably be expected to reveal commercial-in-confidence provisions of the contract and prejudice the legitimate business interests of the parties.</p>	<p>The information not disclosed is the date.</p> <p>RMS weighed the competing public interest considerations and determined that there was an overriding public interest against disclosure of this information because:</p> <p>(a) the masked information is the longstop date for completion of the condition precedent in clause 4.1(a) of the Deed. Revealing this date would likely place RMS at a substantial commercial disadvantage as it is a key commercial term of the Deed.</p>
