

# Transport Access Program

## Dapto Station Upgrade

### Community notification

April, May and June 2023

Transport for NSW acknowledges the Woddi Woddi people of the Dharawal Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The NSW Government is improving accessibility at Dapto Station. This upgrade is being delivered as part of the Transport Access Program, an initiative to provide a better experience for public transport customers by delivering modern, safe and accessible infrastructure.

#### Completed work

Work on the ramp at Bong Bong Road continued in February and March, including re-grading the ramp landing. Fencing and screens on Platform 1 were relocated and the ramp and door to the family accessible toilet were upgraded.

Fittings and fixtures on the Platform 1 canopy were also installed.

#### Upcoming work

In the coming months we will be:

- installing new drainage on Platform 2
- new concrete access ramp from waiting room
- work on the Station Master's office and waiting room will continue
- relocating seats and vending machine to fit the new platform level
- resurfacing of Platform 2
- new tactile installation on Platform 2

- final work on Platform 1 extension
- painting and lighting upgrade work finishing
- installing wayfinding signage

#### Out-of-hours work

A pre-start period will apply from 5am on Saturday 3 June. Out-of-hours work will be carried out between **6am Saturday 3 June** and **10pm Sunday 4 June**.

For the safety of staff and customers this will take place during a scheduled Sydney Trains trackwork period when no trains are running, and the station is closed. Work to be completed over this time is the Platform 2 resurfacing.

#### Working hours

Aside from weekend work mentioned above, normal working hours will continue between **7am to 6pm Monday to Friday** and **8am to 1pm Saturdays**.

All work is dependent on weather and site conditions and is subject to change.
